EXAMINER'S COMMENT***Double Patenting***

The claims of the instant application could be provisionally rejected under 35 U.S.C 101 statutory double patenting over application 10/483,605 and under 35 U.S.C 101 non-statutory obviousness-type double patenting over applications 10/075,668 and 10/483,605. However, since these issues would be the only issues remaining in the instant application, these rejections are being withdrawn, thus permitting the instant application to be allowed. See MPEP 804(I)(B). It is noted that the double patenting rejections may be made in the other applications, 10/075,668 and 10/483,605, respectively.

Claim Rejections - 35 USC § 112

Applicant's arguments presented in the amendment submitted on July 27, 2004 are persuasive with respect to claims 32-40. Accordingly, the rejections of these claims under 35 U.S.C 112 are being withdrawn.
